*Bringing Meaningful Change*

*Dear Caring Friend,*

As Thanksgiving, Giving Tuesday, and Christmas quickly approaches, it's easy to get caught up in the hustle and bustle that can overshadow the true meaning of the season. During this time, you can help to bridge the gap between parents and children through educational assistance, recreational activities, and community development. This will result in bringing meaningful change in the community of Maryland District, Jamaica.

Imagine being that **donor**, who help to build the character of a child and make a difference in the future generation! Well - YOU CAN!! Because, we will be hosting our annual back-to-school event on August 13, 2023 at Top Maryland, St, Andrew, Jamaica, from 10 am - 6 pm. And, this could be your perfect opportunity to JOIN us.

Why you? Because you're caring. While so many people ignore the needs of others, you see them. I know your heart will tell you to make a contribution to help. And I pray you will.

The top prize for 2023 is a scholarship for the student of Maryland District with the highest PEP Exam Results. Thanks to one generous **donor**, the scholarship fund is already secure. However, many more students are in the community. *You can help* by gifting another scholarship, or helping us to secure (7) Chromebooks and (7) JMD15,000 book voucher, for essay winners. Plus, (20) JMD5,000 book voucher and at least 400 school bags for random distribution. (ticket system)
